

B.A.R.K. RANGER PRINCIPLES

BAG YOUR POOP

Pet feces can spread diseases to park wildlife, introduce non-native plant seeds, pollute rivers and lakes. Make sure to always pack bagged pet waste or dispose of it in a trash can.

ALWAYS LEASH YOUR PET

Pets must be restrained on a leash. Unleashed pets may possibly scare other visitors or run away in an unfamiliar area.

RESPECT WILDLIFE

Keep your pet, wildlife, and other people safe by using a leash. Unleashed pets can stress or injure wildlife.

KNOW WHERE YOU CAN GO WITH YOUR PET

Plan ahead and know where you can take your pet.
