Discussion centered around the water main break that occurred this morning. This event affects the Courthouse and the Law Center. The repair is underway and is expected to last into the evening. The best-case scenario is that everything would be repaired yet today and would not affect business tomorrow. The priority will be getting service restored to the Law Center. The annex building will be available to county employees to use the restroom facilities. Josh Stevens will provide drinking water to both buildings.

It was moved by Webb seconded by Wanders to adjourn the meeting. All present voted aye. Motion carried.
